

LIVING OUR

INDIGENOUS LANGUAGES:

Bringing Together Local, Community, and Academic Resources

Please join us for this exciting event that will bring together language advocates, community members, policy makers, educators, practitioners, scholars, and students who are interested in reclaiming and revitalizing Indigenous languages, many of which are endangered. We welcome you to hear firsthand from language speakers' and learners' personal and professional experiences, participate and engage in language learning opportunities, learn about resources available for language revitalization, and to celebrate International Mother Language Day.
